# XD HOSE FAUCET BLUETOOTH® TIMERS

Fully program or adjust your timer using our easy-to-use app with your iOS or Android device via Bluetooth®

Add Wi-Fi connectivity with available B-hyve® Gen 2 Hub

Large easy-to-read digital display

Rain delay options of 2-32 days

Quick installation with swivel connection

Manual option for instant tap use

1 start time per port

Hose tap watering has never been faster, easier, or more convenient with the ability to control the timer using an Apple or Android device. The B-hyve® Hose Tap Timer uses a Bluetooth® chip that has great range - up to 150ft line of sight. Schedule, manually operate, and monitor water flow without climbing through shrubs to access the timer. Set watering times down to seconds, which is great for gardening, hydroponics, filling pet dishes, or even bird baths.
